TITLE: 2024 Municipal Election Options

DATE: **October 25, 2023**

TO: Management Committee

PUBLIC: X

INCAMERA:

RECOMMENDATION:

That Administration bring forward a report outlining the preferred election planning options discussed by the Management Committee for consideration at an upcoming Executive Committee meeting.

TOPIC & PURPOSE:

The purpose of this Report is to review options for consideration for the upcoming Municipal and In-City School Boards Election to be held on November 13, 2024.

BACKGROUND:

As you may be aware, the Saskatchewan Legislative Assembly has passed Bill No. 105 in relation to amendments to the *Local Government Election Act, 2015 (LGEA)* and its' Regulations, which will be in effect on January 1, 2024. Some of the more notable amendments are as follows:

- Vacancy in year of general election is extended to within 1 year of a general election;
- Authority for returning officers to determine polling areas and places, including hospitals and personal care facilities, in addition to the ability to change poll hours, dates and locations due to emergency ;
- Additional authority and flexibility to returning officers to make decisions regarding homebound voting;

- New provisions for establishing voter registry and additional provisions for preparing, utilizing and revising a voters list;
- Nomination paper includes requirement to provide contact information on the Form;
- Ability for municipalities with a population over 20,000 to increase deposit for nominations up to \$500;
- Option to change nomination day from 5 weeks to 7 weeks prior to an election; and,
- Amendments to reflect gender neutral language and other applications of consistent wording throughout the Act;

City Council is legislatively required to determine the following matters regarding an upcoming Election:

- Set the remuneration to be paid to Election Officials; and,
- Pay the municipality's share of the costs incurred in holding the election;

In addition, City Council has discretionary authority to act respecting certain aspects of the election, and may:

- At least 180 days before a general election, pass a bylaw to change the size of City Council;
- At least 90 days before election day, appoint a person other than the City Clerk as the Returning Officer, pass a general election bylaw and/or a criminal record check bylaw;
- At least 60 days before a general election, pass a bylaw to require disclosure of campaign contributions and expenses and/or to establish election campaign limits;

At the January 27, 2020 City Council meeting, a Motion regarding the preparation of a Bylaw establishing Campaign Disclosure and Spending Limits was considered and defeated.

- At least 55 days before a general election, pass a bylaw to specify that the names on the ballots be arranged in random or rotational order, and provide for enumeration of voters for preparing a voters list;
- May provide for establishment and maintenance of voter registry;
- May provide for preparation of voters list and enter into agreement with Elections Saskatchewan for sharing voter list information or utilize voter registry information; and,
- Pass a bylaw to use vote counting machines and mail-in ballot voting system.

PROPOSED APPROACH AND RATIONALE:

The City's responsibility in conducting the Election is first and foremost ensuring that every voter has an opportunity to vote. In reviewing the amendments and future efficiencies in conducting the Municipal and In-City School Boards Election, there are a number of areas that City Council will need to consider. At this time, this Report is forwarded to Management Committee to have an overview of all the options, including whether to move forward with a Voters List for the next Election.

I have outlined the considerations below for discussion.

1. Appointment of Returning Officer

In accordance with Sections 46(1) and 47 of the *LGEA*, the City Clerk is automatically appointed as the Returning Officer for the City and Prince Albert Catholic School Division (PACSD), unless City Council appoints another person at least 90 days prior to Election Day. If the Returning Officer is unable to act or perform his/her duties, City Council must appoint another person to act in that capacity. It is recommended that the Corporate Legislative Manager act on behalf of the Returning Officer, in her absence.

In addition, pursuant to Clause 46(2)(b), the Saskatchewan Rivers Public School Division (SRPSD) is required to appoint a Returning Officer at least 90 days prior to Election day. It is anticipated, as in previous years, that SRPSD Board will be appointing the City Clerk to act as the Returning Officer for its In-City School Board Elections.

2. Criminal Record Check

In accordance with Section 63.1 of *The Cities Act*, a Council may require that every candidate submit a criminal record check in the prescribed form and must be submitted with the nomination paper in accordance with Clause 67(6)(e) of the Act. If City Council wishes to pursue this matter, a report, along with the necessary bylaw can be brought forward to City Council for consideration. It is important to note that the criminal record check will only state whether the candidate may or may not have a criminal record and does not provide details or the associated records, if any. This provision has not been initiated in the past for election candidates.

It may be important to note that this information forms part of the Nomination Paper and if approved, will be publicly posted in accordance with the Act.

3. Disclosure of Campaign Contributions and Expenses

In accordance with Section 34 of *The Cities Act*, City Council may establish, by Bylaw, disclosure requirements respecting election campaign contributions and expenses and/or election campaign spending limits.

Campaign expenses are typically defined as the cost of goods and services and the value of any donation in kind, used by or for the benefit of the candidate during the election expenses period for the purpose of a candidate's election campaign.

A Bylaw would include the limits on election expenses for mayoral and councillor candidates. All candidates would be required to submit a form to the Returning Officer indicating the contributor's names and amounts, along with a summary of all election expenses. This information would be publicly available. The Bylaw would also require rules and procedures on any surplus monies, and any penalties for non-compliance.

Cities of Regina, Saskatoon, Moose Jaw currently all have a Bylaw on election campaign contributions and expenses.

4. Establishing a Voters Registry

The process for establishing a Voters Registry and Voters List is outlined in Part VI, Sections 54 to 65 of the *LGEA*. One amendment that is new to the *LGEA* is that Council may provide for the establishment and maintenance of a voter registry consisting of persons who are eligible to vote.

In 1997, Elections Canada conducted its last nationwide enumeration, and replaced the traditional enumeration process with a permanent electronic voter registry, which is updated regularly from various databases, such as tax returns. In 2016, the Province established a similar permanent registry of voters. The registry is updated regularly with information from various sources, such as provincial health insurance, drivers' license programs and the federal Register of Electors. This registry information is then used to create a voters list for upcoming elections.

For the City of Prince Albert, the voter registry would contain voter data, collected through information that is available to the returning officer, such as through City tax and water records, and include the following:

- Name, address and contact information;
- Date of birth and gender;
- Eligibility of public or separate school division;
- Ward number; and,
- Other unique identifiers, if required

The registry would only be used by the returning officer or associates to create the voters list to use in an election. A person would still have the ability to remove their name or provide correction to the registry.

The Province currently maintains a digital Voters Registry, and voters are able and encouraged to update their information at any time through the Elections Saskatchewan website. We would simply work with the Province to encourage voters to register in advance

of the Election so that the information is readily available and accurate.

At this time, I would not recommend proceeding with the establishment of a Voters Registry due to the cost of collecting and maintaining custody of the data. The Province is prepared to share their Voters List to municipalities at no cost by entering into an Information Sharing Agreement.

5. Establishing a Voters List

A voters list can be prepared using information from a voter registry as noted above or by entering into an Information Sharing Agreement with Elections Saskatchewan for their up-to-date voter list information relating to the City of Prince Albert.

With the legislative amendments, the provision for municipalities to use an existing Voters List rather than conduct a City-wide enumeration, assists greatly in reducing costs, as this was one of the barriers to using a List in past elections.

The voters list for the City of Prince Albert must contain the voter's name, street address/legal address, school eligibility and ward. In addition, the list is required to be available for public viewing at least 31 days before the general election. Voters can then make application to correct any errors and the Returning Officer would consider the applications and make the necessary corrections/additions.

Once the voters list is complete, a copy is available to each candidate at no charge, upon request. During the nomination process, candidates wishing to have a copy of the list would be required to complete a Declaration. The list can only be used for the following:

- By election officers for the purpose of carrying out their duties; and,
- By a candidate, for communicating with voters, including for soliciting contributions and campaigning.

Additional work would be required to analyze the Voters List data received from the Province, in order to refine and complete the list. Some data may be collected in advance; however, since this would be the first time using a Voters List, some of the data will need to be populated at the polls, such as school support designation and 3 month residency eligibility.

Following research with Cities of Saskatoon and Regina, it appears that both Cities are utilizing software to manage some of their processes electronically, including the Voters List. Since the cost of such software is approximately \$15,000 plus hardware costs, it was determined that we could utilize our current GIS program to assist with establishing and maintaining a Voters List. With the assistance of a GIS application, some data, such as applying the Ward Number to each voter/address, will be easier to apply prior to Election day. It is anticipated that a GIS application would be utilized to manage the list in terms of ensuring accuracy and real-time changes to the data.

One of the main points in the process of Voter Registration is to increase voter turnout and encourage all eligible voters to participate in their democratic right. If a Voters List is not used, the voting process would remain as status quo, with the continuation of registering voters at the polls.

If a Voters List is obtained through Elections Saskatchewan and modified for the City's use, administrative time and resources would be required at the onset, but may generate advantages in future elections. Therefore, it is important to review the advantages and disadvantages of a Voters List in comparison with the voter registering at the Polls.

Advantages	Disadvantages
Voter experience is easier and faster as there is no registration form to complete.	Inaccurate or incomplete data from acquired list as eligibility may differ.
Easier way to verify identity for mail-in ballot voting.	Additional administrative work associated with review of list, identify and correct errors/omissions, including process to allow voters to revise or remove their name from the list
Integrity of voting process by ensuring only eligible voters can vote and can only vote once.	Additional collection of information such as ward, eligibility, 3 month City residency, and school support. Some of this information would be collected at the Polls.
Integrates with an electronic list using GIS applications or future election management systems and likely to save copier costs.	Potential for personal information to be breached with respect to unauthorized users and candidates.
More accuracy in identifying number of eligible voters to assist in future elections and other statistical reporting.	Personal information would be available for public viewing during a certain period prior to election. Potential for voters to remove their names from the list due to this reason reducing voter turnout.
The list can be used for the general election in which it is being prepared for and within 4 years afterwards.	
Consistency in voting methods between municipal and provincial elections.	

Option 1 – Use of Voter's List through an Information Sharing Agreement with Elections Saskatchewan would allow access to the registered voter data for the City to create a Registered Voters List for the 2024 Election. Both Saskatoon and Regina have approved the use of Registered Voters List utilizing the data from Elections Saskatchewan.

Option 2 – Status Quo utilizing the Voter Registration Form at the Polls to register voters. All other Saskatchewan municipalities, other than Saskatoon and Regina, are not planning on moving forward at this time with a voter's list, and will continue to register voters at the Poll.

Option 3 – Conducting Enumeration is not recommended or feasible due to the cost to enumerate, verify and manage the data. Since the option to enter into an agreement to utilize existing voter's lists is provided in legislation, a full city-wide enumeration would create essentially the same result.

If the Committee wishes to pursue the option of moving forward with a Voters List in lieu of the Voter Registration Forms, a further report will be provided to the Executive Committee for consideration.

6. Polling Areas and Polling Places

Recent amendments will provide the returning officer with the authority to determine polling areas and polling places instead of Councils or School Boards. This avoids any improper influence or the perception of improper influence by council/board regarding these decisions.

Similar to last Election, each Polling area will be designated with the same boundaries as each Ward for the City. This will assist voters in determining their polling place.

In regards to Special Polls, at the June 7, 2016 City Council meeting, the following criteria was approved for Special Polls at Senior Accommodations:

1. Occupied by a majority of seniors;
2. Minimum capacity of twenty (20) residents; and,
3. Adequate space within building to conduct an election.

It is recommended the continuation of utilizing this criteria as the basis for establishing special polls in senior facilities, along with long term care homes and personal care homes. It is important to note that amendments also include the ability to allow eligible staff members or caregivers at these facilities, including the hospital, the ability to vote at the time those polls are open.

In respect to homebound voting, the Act has been amended to reflect more flexibility in the process to arrange for voting to those who are unable to leave their home, along with their caregiver.

The Returning Officer will ensure that appropriate notification to all residents will be conducted through various methods, which will include a listing/map of polling places and voting provisions for advance, hospital, personal care, senior facilities and homebound voting.

7. Advance Polls

In accordance with Section 83 of the LGEA, the Returning Officer is authorized to establish one or more advance polls within the City for voters to cast their vote in advance of Election day. The legislative amendments have now determined that advance polling must be conducted, as opposed to this provision being optional in the past. The City has conducted advance polls over the last several elections, therefore, this amendment change does not affect any changes in our past practices.

It is expected that we will provide a drive-thru option for advance polls once again, as that initiative was well received during the 2020 Election. However, since we will likely not have to face all of the pandemic precautions that were previously required, some changes may be adapted in consideration of location, weather, utilization of a voter's list and other factors.

The Provincial Election is scheduled to be held just two (2) weeks prior to the Municipal Election, therefore, advance polls will not be scheduled until following the Provincial Election date on October 28, 2024.

8. Mail-In Ballots

The Mail-In Ballot process is outlined within the attached current Election Bylaw and will continue to be offered as an alternative option to voters. The mail-in ballot process was utilized in the last couple elections as it does provide another reasonable ability for voters to access their right to vote if they were not expected to be in the City on Election Day or unavailable during any of the Advance Poll dates. There was a significant increase in mail-in ballots from only 19 in 2016 to over 300 voters in 2020. Some of this increase was likely attributed to the pandemic, however, I would expect that some voters prefer this method of voting, and it will continue to be offered.

If a voters list is utilized, some amendments will be required within the Election Bylaw to accommodate a different process for mail-in ballots.

9. Automated Vote Counting Machines

The City has successfully utilized the Automated Vote Counting System for several elections, as this provision is included within the Election Bylaw and is budgeted for continued usage of this technology for the upcoming Election. This technology has assisted in previous Elections with ensuring the accuracy of the vote counts along with getting the results quicker on election night.

A Request for Proposal for the supply of automated vote counting equipment and voting results software will be issued in early 2024 and those results will subsequently be forwarded to City Council for approval.

10. Nomination Papers & Deposit

As you may recall, for the 2020 Election, Nomination papers included a completed Candidate's Public Disclosure Statement, in addition to the deposit of \$100. One current amendment of the LGEA is to include the nominees contact information on the Form, which Form will be publicly posted at City Hall, along with the Disclosure Statement.

Currently, the City's Election Bylaw states the following in relation to the Nomination Deposit:

"Pursuant to section 68 of the Act, the deposit of \$100, which is required when filing the nomination paper, will be returned by cheque to all candidates who are successful in retaining an elected position."

Current amendments in Bill 105 provide that a municipality with a population of 20,000 or more can increase the nomination deposit not to exceed \$500 for any office.

It is recommended that an increase be considered due to administrative costs and to deter those candidates who may not be fully committed to putting their name forward.

11. Ballots

Section 91 of the LGEA outlines the requirements for the printing of ballots for election candidates. One of the requirements is that every ballot must contain the names of all candidates arranged in alphabetical order of their surnames.

However, Subsection 91(2) outlines that City Council may, by bylaw, provide for the alternate arrangement of the names of candidates on the ballot. Two (2) Options include withdrawing names from a receptacle or rotating in as many lots as there are candidates. With the use of automated vote counting machines, the cost to rotate ballots is significantly higher. Therefore, it is being recommended that City Council simply adhere to Clause 91(1)(d) of the LGEA, which stipulates that the names of the candidates for the municipal election be alphabetical by surname, which is what was approved and utilized in past elections.

Both School Boards will decide on the manner of their ballot, and at this time, this is unknown. Since the direct ballot costs are charged out to each group, the specific ballot costs will not have an effect on the shared cost.

As you may recall, amendments to the Act prior to the 2020 Election determined that the Candidate's occupation is no longer a requirement on the Nomination Form. City Council may decide by Bylaw to include the addition of the candidate's occupation to the nomination paper and ballot. In the 2020 Election, the occupation was not included on the ballots. Since there was no issues with the change at that time, I would recommend excluding the occupation on the ballot.

12. Election Worker Remuneration

City Council must set the remuneration rates for Election Officials, as indicated in Section 52 of the Act.

The following charts depicts the City's 2020 proposed remuneration rates for all election workers, and includes the training time, and compensation for meals:

2020 Remuneration Rates

Position	Base Wage	No. of Hours Expected	Meal Allowance	Training (\$35/session)	Overall Cost	Average Hourly Wage
Supervisory Deputy Returning Officer	\$16	14	\$33	\$70	\$327.00	\$18.36
Deputy Returning Officer	\$13.50	13	\$33	\$35	\$243.50	\$16.04
Poll Clerk	\$11.50	12.5	\$33	\$35	\$211.75	\$14.14

In comparison to the Cities of Saskatoon and Regina and the Province, the City's wage per hour is lower for all positions. A meal allowance is not provided for the Cities of Saskatoon and Regina, nor the Province.

The following chart outlines the current or proposed remuneration for similar positions with Elections Saskatchewan and Cities of Saskatoon and Regina. These rates may vary depending on number of hours worked, advance or election day polls, and other variables, such as the inclusion of overtime rates:

Comparison Rates

Position	<i>Elections Saskatchewan (11 hour period)</i>		<i>City of Saskatoon (proposed rates at 13 hour period)</i>		<i>City of Regina (proposed rates at 12 hour period)</i>	
	Election Day Wage Per Hour	Training	Election Day Wage Per Hour	Training (one time payment)	Election Day Wage Per Hour	Training
Supervisory Deputy Returning Officer	\$25.18	\$44	\$24.00	\$100	\$27.67	\$100
Deputy Returning Officer	\$20.27	\$44	\$20.00	\$80	\$22.42	\$50
Poll Clerk	\$16.82	\$44	\$18.00	\$80	\$19.75	\$50

In preparing for the upcoming Election budget, the following proposed 2024 rates include increases in the base hourly wage, training sessions and recommendation to continue allocating for meal allowances.

2024 Proposed Rates

Position	Base Wage	Meal Allowance (Lunch & Supper)	Training (\$40/session – 2 to 3 hr)	Overall Cost (based on 12 hrs)
Supervisory Deputy Returning Officer	\$20.50	\$41	\$80	\$367.00
Deputy Returning Officer	\$17.50	\$41	\$40	\$291.00
Poll Clerk	\$15.50	\$41	\$40	\$267.00

The amounts shown above show a significant increase in the cost of service from 2020, and include the provision of two meal allowances based on the current City's Travel/Meal Policy. This allowance would only apply to Election Day, as other polls would only be open for 4 hours or less.

In addition, the amounts above show an increase in the training session from \$35 to \$40 per session. Reimbursement for mileage claims, relating to Supervisory, Mobile and Special Poll workers are typically approved at the rate outlined in the City's Travel Policy, at that time. The current rate is \$0.5482 per km. In addition, compensation is also offered to the Supervisors for the use of their cell phone at a rate of \$10/day.

With the inclusion of two (2) meal allowances, the hourly compensation for workers would be as follows, excluding the training session:

- SDRO - \$23.92
- DRO - \$20.92
- PC - \$18.92

The current minimum wage in Saskatchewan is \$14.00/hour. The Province's two year plan will increase the minimum wage rate to \$15.00/hour by October 2024. It is important to match or exceed the minimum wage expectation for election positions.

A proposed increase in remuneration rates for Election Officials may have an effect on the following:

According to the Canada Revenue Agency, the employer is required to fill out T4 slips for all individuals who received remuneration if the amount was more than \$500. Workers who receive greater than \$500 per year are required to be processed through the City's payroll, which would include deductions in CPP, EI and Income Tax. City of Saskatoon processes

their election workers through their payroll and if the employee makes greater than \$500, deductions are applied. T4 slips are provided to all workers. City of Regina utilized external HR services to provide payments to workers.

For the City of Prince Albert, meal allowances would be paid separately, and would not be included in wages for services. Therefore, this is one reason to continue to pay the meal allowance in addition to the base wage.

We will continue to work with the City's Finance Department in ensuring adherence to this Federal requirement.

CONSULTATIONS:

Elections Saskatchewan was contacted to provide details on the process to acquire the Voters List from the Province. In addition, communications have occurred with the City of Saskatoon and City of Regina regarding their processes to moving towards a Voting List.

COMMUNICATION AND/OR ANNOUNCEMENT PLAN:

If the Committee wishes to pursue the option of moving forward with a Voters List, Administration will proceed with the necessary steps which include entering into an Information Sharing Agreement with the Province. A further report would be required for City Council's approval, and will outline the communication plan to ensure voters are made aware of the change in process for municipal elections.

In addition, meetings with the respective School Divisions will be undertaken to communicate the election planning and cost sharing proposal.

Following discussion of the matters listed earlier in this report, an Administrative Report outlining Election preparations, including amendments to the Election Bylaw, will be forwarded for consideration to the Executive Committee in early 2024.

POLICY IMPLICATIONS:

The City is legislated to conduct Elections in accordance with *The Local Government Elections Act, 2015 and Regulations*. In addition, City Council approved the Election Bylaw No. 9 of 2020, which outlines the process for automated vote counting and mail-in ballots.

FINANCIAL IMPLICATIONS:

There is no cost to enter into an Information Sharing Agreement with Elections Saskatchewan. However, there would be a small cost in obtaining ArcGIS Editor Licenses at an approximate cost of \$400, excluding staff costs. The cost of the licenses have been included in the 2024 Budget.

The cost of utilizing the GIS application for creating an electronic voters list includes:

- ArcGIS Editor and user license -approximately \$400;
- Converting data to GIS – 8 hours of staff time;
- Creating the Editor App – 40 hours of staff time;

It is not anticipated that there would be additional costs for accessing computers/tablets for use at each Polling station at Advance Poll and Election Day, as we expect there to be adequate resources at that time to obtain enough hardware for election purposes.

The Financial costs in relation to providing an increase in remuneration for Election Workers is noted above under Item No. 12.

It is anticipated that the same cost-shared formula with the School Divisions will be utilized as in previous Elections, pending consultations early next year. The total costs are shared based on the four (4) types of races within the Election. Therefore, the City's portion is 50% for the two races (Mayor and Councillors) and the School Boards portion is 25% each based on one race for each Board (Board members). It was also previously agreed, that all costs up to and including Nomination Day will be included in the cost sharing formula. In the event of an acclamation for Mayor, all Councillors, or either School Boards members, the parties agreed to equally share the remaining costs of the Election based on the number of races being held. In addition, all direct Ballot costs will be allocated to each specific party.

The Election budget has been submitted to the Budget Committee at an estimated cost of \$212,340 and will be cost-shared accordingly with the School Divisions.

PRIVACY IMPLICATIONS:

If a voters list is used, the new amendments in the LGEA require the returning officer, at least 31 days prior to Election, to publish a copy of the voters list in a manner considered appropriate. In addition, a copy of the voters list would be available to candidates running in that election. The list would contain personal information such as name and address of the voter. Each candidate would be expected to sign a declaration outlining the appropriate use of the Voters List.

STRATEGIC PLAN:

The Strategic Priority of Delivering Professional Governance addresses the area of focus to be an engaged government, working towards technological advancements in support of the requirements in legislation.

OPTIONS TO RECOMMENDATION:

The options to the recommendation are outlined under each respective area of focus. There is no direction within the Official Community Plan in relation to Local Government Elections.
